FYI: during a short conversation with Rob last week he said the bill had been reported out of committee, but has not yet been scheduled for floor debate. Rob would like our comments as soon as we can prepare them so he can coordinate with DOS and DOD as well as OMB on how to get our changes incorporated into the bill.

SUBJECT: Proposed Changes in S. 5155

25X1 1. We have reviewed the proposed changes to the Senate version of H.R. 5155, which you forwarded to this office in your memo of 4 June 1984. These changes, which you worked out with [REDACTED] last March, are still valid and should be incorporated into the Senate bill.

2. In reviewing the draft bill, we noted that there have been a number of significant additions or changes in language since last March that, in our opinion, require additional changes to bring the entire bill into harmony with the proposed amendments to which we have agreed in paragraph one above. These additional changes are attached.

3. Should you have any questions, we are prepared to meet with you at your convenience.
